

Application for the Vanguard Technology Partnership Program

Thank you for your interest in the Vanguard Technology Partnership Program. This award is presented to a single company each year which we feel has demonstrated how working together can make a large difference in the assessment community.

By entering the Vanguard Technology Partnership Program, your company will have access to tools, software developers, and benefits that are aimed at increasing the awareness of your applications and benefits to a large community of assessors.

Name _____ Position _____

Company Name _____ Phone _____

Address _____ Email _____

Technology Partnership Program Requirements

Please list examples how your company keeps their software up-to-date with emerging technologies.

Please explain how your software has integration with other software packages.

What is your company's web site address?

Will your company agree to provide access to software developers when integrating technologies between systems?

Will your company provide a link to www.camavision.com from your web site?

Will your company mention support Vanguard CAMAvision products in corporate publications?

Will your company provide Vanguard with a copy of all product literature, press releases and advertisements?

Will your company demonstrate the interconnectivity and/or benefits of your products as they relate to CAMAvision products?
